About Castify

Castify is a smart engine that automatically turns any content channel into an advanced app on multiple platforms. Our technology is smart, simple and powerful. It allows video content owners an opportunity to create their own branded TV channel on multiple CTV platforms. We allow content creators to establish their brand, with their own branded channels on all platforms, seamlessly! Our apps are designed by user-experience experts to increase content's performance and income.

Your Content

On All Platforms

Smart multi-platform technology

Castify is a smart engine that automatically turns any content channel into an advanced app on multiple platforms. It automatically pulls content, including all titles, description & images, and distributes it simultaneously. Our apps are designed by user-experience experts to increase content's performance and income. We offer a fully monetized solution with various professional layouts and advanced customization capabilities.

Custom Branded App on All Major CTV Platforms

Make the most out of your content and distribute it seamlessly.
